1. Hoses

At Hawa Agri, our range of high-quality irrigation hoses is designed to meet the diverse needs of modern agriculture. Built for durability and efficiency, our hoses ensure consistent water flow, optimal flexibility, and resistance to wear and tear, making them ideal for farms, gardens, and agricultural projects of all sizes. Whether you need hoses for drip irrigation, sprinklers, or heavy-duty applications, we provide reliable solutions to help maximize your water usage and improve crop yields.

PVC suction Hose

PVC hose with rigid PVC spiral

Made in Italy

Wire Reinforced Hoses

PVC hose with galvanized steel wire

Layflat Hose

4 bar-50 mt with linen

Wire Reinforced Hoses

PVC hose with galvanized steel wire

Made in Italy

Fire Hose

Inside rubber PVC with linen 4-8-13 bar, 30 mt

Expandable Hose

Magic hose with accessories

Expandable Hose

Magic hose with accessories

Garden Hose

PVC hose with linen

2. Pumps

Hawa Agri offers a wide selection of efficient and robust irrigation pumps tailored for agricultural needs. Designed to deliver consistent water pressure and flow, our pumps are suitable for various irrigation systems, ensuring optimal water distribution across fields. From centrifugal to submersible models, our pumps provide reliable performance, energy efficiency, and long-lasting durability, making them essential tools for improving irrigation management and enhancing productivity on any farm.

3. Irrigation

Effective irrigation is the backbone of successful agriculture, ensuring that crops receive the right amount of water to thrive. To support this essential process, we offer a wide array of irrigation products, each designed to enhance water management efficiency and sustainability in different farming environments. From large-scale agricultural fields to home gardens, our solutions cater to every need.

Our irrigation product range is divided into these following subcategories:

- 3.1 Valves
- 3.2 Saddles
- 3.3 Pop-Up and Rotors
- 3.4 Microirrigation
- 3.5 Light Fittings
- 3.6 Hydraulic Fittings
- 3.7 Filters
- 3.8 Controllers
- 3.9 Compression Fittings
- 3.10 Home Irrigation

3.1 - Valves

Precision-engineered valves for controlled and efficient water distribution.

Male valve

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Mini valve offtake

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Quick coupling valve +Key

[different sizes & brands available]
Brass, twist or clamp

Plastic ball valve

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Barbed valve

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Quick coupling valve +Key

[different sizes & brands available]
Brass, twist or clamp

Solenoid Valve

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Solenoid Valve with flow

[different sizes & brands available]
Water flow control for Plants, Containers, & Greenhouses.

Quick coupling valve +Key

[different sizes & brands available]
Brass, twist or clamp

3.2 - Saddles

Reliable and durable saddles for secure pipe connections in irrigation systems.

Saddle
(different sizes and brands available)

الهوا للزراعة
منذ 1986

ما تقول عندك
قول بدي

3.3 - Pop-Up and Rotors

Systems designed for even water coverage across landscapes.

Pop up rotor Pgp
(different sizes and brands available)

Pop up rotor Pgj
(different sizes and brands available)

Pop up spray heads /nozzles
(different sizes and brands available)

Pop up
(different sizes and brands available)

3.4 Microirrigation:

Water-saving solutions tailored for precise and targeted irrigation.

Clatchet

[different sizes and brands available]

Puncher

[different sizes and brands available]

Puncher professional

[different sizes and brands available]

Puncher mini

[different sizes and brands available]

Adjustable dripper 140lt/hr

[different sizes and brands available]

Adjustable dripper 70 lt/hr

[different sizes and brands available]

Spectrum dripper with spike

[different sizes and brands available]

Flood Bubbler

[different sizes and brands available]

Stake for flood bubbler 16mm

[different sizes and brands available]

Check valve for mini sprinkler

[different sizes and brands available]

Drip irrigation fittings

[different sizes and brands available]

Mist Head

[different sizes and brands available]

Mini collar

[different sizes and brands available]

Mini connector

[different sizes and brands available]

Mini sprinkler

[different sizes and brands available]

Mini tee

[different sizes and brands available]

Minisprinkler head 180

[different sizes and brands available]

Minisprinkler head 360

[different sizes and brands available]

Mini wedge

[different sizes and brands available]

Plunger

[different sizes and brands available]

Adjustable dripper with spike

[different sizes and brands available]

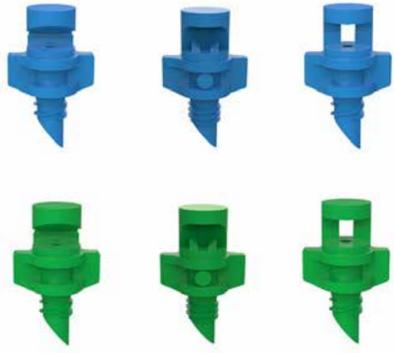

Inline adjustable dripper with spike

[different sizes and brands available]

Spaghetti tube

[different sizes and brands available]

Mini sprayer

[different sizes and brands available]

Wedge

[different sizes and brands available]

3.5 Light Fittings

Energy-efficient lighting designed specifically for agricultural use.

Starter

[different sizes and brands available]

Ground hook

[different sizes and brands available]

Dripline offtake

[different sizes and brands available]

Double ring

[different sizes and brands available]

Barbed tee

[different sizes and brands available]

Barbed offtake without ring
[different sizes and brands available]

Barbed reducing tee
[different sizes and brands available]

Barbed reducing coupling
[different sizes and brands available]

Barbed offtake
[different sizes and brands available]

Barbed male tee
[different sizes and brands available]

Barbed male elbow
[different sizes and brands available]

Barbed end cup
[different sizes and brands available]

Barbed elbow
[different sizes and brands available]

Barbed double connector
[different sizes and brands available]

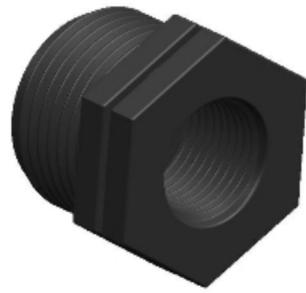

Barbed coupling
[different sizes and brands available]

3.6 Hydraulic Fittings

Sturdy hydraulic components to ensure smooth operation of irrigation systems.

Bushing

[different sizes and brands available]

Female elbow

[different sizes and brands available]

Female plug

[different sizes and brands available]

Female tee

[different sizes and brands available]

Female male reducer

[different sizes and brands available]

Male plug

[different sizes and brands available]

Male tee

[different sizes and brands available]

Nipple

[different sizes and brands available]

Reducing socket

[different sizes and brands available]

Reducing male tee

[different sizes and brands available]

Reducing nipple

[different sizes and brands available]

Socket

[different sizes and brands available]

**3.7
Filters:**

Effective filtration systems to maintain clean, uninterrupted water flow.

Disk filters

[different sizes and brands available]

Disk filter screen

[different sizes and brands available]

Net filter screen

[different sizes and brands available]

Plastic screen filters

[different sizes and brands available]

Screen for filter

[different sizes and brands available]

Sand media filter

[different sizes and brands available]

Water filters

[different sizes and brands available]

3.8 - Controllers

Intuitive controllers for automated and precise irrigation management.

Outdoor controller

[different sizes and brands available]

Indoor controller

[different sizes and brands available]

Tap timers

[different sizes and brands available]

Battery timers

[different sizes and brands available]

3.9 Compressing fittings

Strong, secure fittings to connect pipes and irrigation components.

Coupling

[different sizes and brands available]

End plug

[different sizes and brands available]

End cup

[different sizes and brands available]

Female adaptor

[different sizes and brands available]

Female elbow

[different sizes and brands available]

Female tee

[different sizes and brands available]

Male adaptor

[different sizes and brands available]

Male elbow

[different sizes and brands available]

Male tee

[different sizes and brands available]

O-ring for adaptors

[different sizes and brands available]

Medaptor

[different sizes and brands available]

Reducing tee

[different sizes and brands available]

Tee

[different sizes and brands available]

Elbow Coupling

[different sizes and brands available]

Male adapter

[different sizes and brands available]

3.10 Home irrigation

Easy-to-install solutions tailored for efficient water management in home gardens.

ROLLO Portable hose reel- 1903

Burst pressure at 20°C: 24 bar
Operating pressure at 20°C: 6 bar
Size 26 x 4 x 31 cm
15 m flat hose
Made in Italy

ROLLO Portable hose reel- 1904

Burst pressure at 20°C: 24 bar
Operating pressure at 20°C: 6 bar
Size 26 x 4 x 31 cm
20 m flat hose
Made in Italy

In-line barbed connector- 2005S

with 2 couplings
Made in Italy

ROLLO Portable hose reel- 1905

- 18 m of hose Ø 10 x 14.5 mm
- adjustable hose nozzle
- M coupling
- quick couplings with hose connector and thread.
- Tap connector 3/4" F
- Burst pressure at 20°C: 24 bar
- Operating pressure at 20°C: 6 bar
- Size 33 x 13 x 38 cm

Made in Italy

Y connector-2007S

with 3 M coupling

Made in Italy

Rubitap- 2008S

- Non-threaded tap connection
- Ø 15-25 mm Thread.
- outlet 3/4" M or M coupling

Made in Italy

ROLLO Portable hose reel- 2006S

- 2-way tap connector
- Double outlet tap connector with differentiated flow adjustment
- 2-way with ball valves
- with M couplings Thread
- 3/4" F

Made in Italy

Adjustable hose nozzle- 2009S

- with M coupling

Made in Italy

GAMMA rotating sprinkler nozzle- 2026

- on spike Connector
- with M coupling

Made in Italy

PLUVIELLA 360° static sprinkler- 2054S

- Ideal for small surfaces
- Connector with M coupling

Made in Italy

Static sprinkler- 2057

- DELTA 6-position static sprinkler
- Ideal for circular, semi-circular, angular and rectangular surfaces.
- Connector with M coupling.

Made in Italy

BETA arm sprinkler- 2064

- With 0°-360° adjustable sector, and anti-splash arm
- Thread. 1/2" M

Made in Italy

Rectangular fan spray nozzle- 2069S

- With adjustable flow control and stop valve
- Made in Italy*

Shower spray nozzle 2070S

- with adjustable flow-rate
- M coupling
- Made in Italy*

Adjustable hose nozzle 2135S

- with hose connector
- For Ø 1/2" or Ø 5/8" hose
- Made in Italy*

Adjustable hose nozzle 2136

- with hose connector
- For Ø 3/4" hose
- Made in Italy*

M coupling- 2200S

- Thread. 1/2" M
- Made in Italy*

M coupling- 2201S

- Thread. 3/4" M
- Made in Italy*

Tap connector- 2203S

- Thread. 1/2" F
- Made in Italy*

Tap connector- 2204S

- Thread. 3/4" F
- Made in Italy*

Adaptor- 2205S

- Th. 3/4" M - 1/2" F
- Made in Italy*

Hose repair connector 2270S

- For Ø 1/2" or Ø 5/8" hose
- Made in Italy*

Hose repair connector 2271S

- For Ø 3/4" hose
- Made in Italy*

Hose repair connector 2272S

- For Ø 3/4" Ø 1/2" or 5/8" hose
- Made in Italy*

Quick connector with hose connector- 2280S

- For Ø 1/2" or Ø 5/8" hose

Made in Italy

Quick connector with hose connector- 2281S

- For Ø 3/4" hose

Made in Italy

Quick water-stop connector and hose connector-2282S

- For Ø 1/2" or Ø 5/8" hose

Made in Italy

Quick water-stop connector and hose connector-2283S

- For Ø 3/4" hose

Made in Italy

Quick connector - 2284S

- Thread. 3/4" M

Made in Italy

Quick connector- 2286S

- Thread. 3/4" F

Made in Italy

M coupling with hose connector- 2290S

- For Ø 1/2" or Ø 5/8" hose

Made in Italy

M coupling with hose connector- 2291S

- For Ø 3/4" hose

Made in Italy

Barbed connector 2350

- With 3 diameters Ø 15, Ø 17, and Ø 21 mm
- Thread. 1/2" M

Made in Italy

Barbed connector 2351

- With 3 diameters Ø 15, Ø 17, and Ø 21 mm
- Thread. 3/4" M

Made in Italy

Barbed connector 2357

- With 3 diameters Ø 15, Ø 17, and Ø 21 mm
- Thread. 3/4" F

Made in Italy

Gun with flow control 2378

- adjustable hose nozzle

Made in Italy

Gun with flow control 2382

- 5-function multi-jet shower head

Made in Italy

CYBER Portable hose reels- 2516

- Epoxy resin-coated metal frame
- With shock-resistant resin reel and shoulders
- Capacity 50 m of Ø 1/2" hose or 35 m of Ø 5/8" hose

Made in Italy

Cross tap with spike for sprinklers- 2400

- Spike height 16 cm.
- Allows in-series connection
- Thread. 1/2" F

Made in Italy

VARY JET static sprinkler- 2478

- with adjustable fins
- Ideal for circular, semi-circular and rectangular surfaces.
- Connector with M coupling.

Made in Italy

ALFA oscillating sprinkler- 2481

- 14-hole oscillating sprinkler,
- adjustable over 4 different positions.
- Plug with needle for cleaning
- nozzles included

Made in Italy

Adjustable sector brass sprinkler- 2624

- Standard Ø 5 mm nozzle
- Thread. 3/4" F

Made in Italy

Adjustable sector brass sprinkler- 2626

- Standard Ø 6 mm nozzle
- Thread. 1" F

Made in Italy

PRO high resistance hose reel cart- 2500

- Epoxy powder coated metal discs and drum
- two brass M couplings for automatic connectors
- rubberised plastic wheels
- Capacity 50 m of Ø 1/2" hose

Made in Italy

BLACK CYBER Portable hose reels- 2519

- Resistant to impact and weather
- Ideal for effective and easy irrigation
- Superior quality
- Capacity 50 m of Ø 1/2" hose or 35 m of Ø 5/8" hose

Made in Italy

Arm sprinkler- 2830

- 0° – 360° adjustable sector
- Thread. 1/2" M

Made in Italy

GAMMA rotating sprinkle 2826

- on sled
- Connector with M coupling

Made in Italy

Sled for sprinklers 2800

- Inlet with M coupling or thread. 3/4" M
- Thread. outlet F 1/2".
- Allows in-series connection

Made in Italy

Wide hand transplanting trowel- 3724

- In painted metal
- with anti-slide plastic
- coated handle

Made in Italy

GIRELLA rotating sprinkler- 2827

- Adjustable nozzles (inclination and water-flow)
- allows in-series connection
- Connector with M coupling

Made in Italy

ROTY rotating sprinkler- 2828

- Fixed adjustable nozzle (inclination)
- Allows in-series connection
- Connector with M coupling

Made in Italy

Mini weeder- 3732

- In painted metal
- with anti-slide plastic
- coated handle

Made in Italy

Hand weeding hoe- 3734

- square-shaped, 3 prongs
- In painted metal for aeration jobs
- Anti-slide plastic-coated handle

Made in Italy

Hand spring rake- 3720

- square-shaped, 3 prongs
- In painted metal for aeration jobs
- Anti-slide plastic-coated handle

Made in Italy

Narrow hand transplanting trowel- 3722

- In painted metal, with anti-slide plastic-coated handle

Made in Italy

3-piece hose repair connector- 3003S

- Ø 16 mm

Made in Italy

3-piece hose repair connector- 3004S

- Ø 18 mm

Made in Italy

3-piece hose repair connector- 3005S

- Ø 120 mm

Made in Italy

3-piece hose repair connector- 3006S

- Ø 22 mm

Made in Italy

3-piece hose repair connector- 3002S

- Ø 14 mm

Made in Italy

3-piece hose repair connector- 3007S

- Ø 25 mm

Made in Italy

3-piece hose repair connector- 3008S

- Ø 30 mm

Made in Italy

3-piece hose repair connector- 30039S

- Ø 35 mm

Made in Italy

3-piece hose repair connector- 3010S

- Ø 140 mm

Made in Italy

Shower spray nozzle 20712

- with multi-jet articulated head 8 functions
- On aluminium telescopic extension 78-117 cm
- Anti-slide ergonomic handle with adjustment & locking slider

Made in Italy

Tap connector- 22042S

- Thread. 1" F/2" M

Made in Italy

Tap connector- 22045S

- Thread. 3/4" F
- thread. adaptor 1/2" F

Made in Italy

AKROM Portable hose reels- 25001

- Galvanised metal frame,
- epoxy powder coated metal roller
- shock-resistant resin shoulders
- Capacity 100 m of Ø 1/2" hose or 70 m of Ø 5/8" hose or 45 m of Ø 3/4" hose

Made in Italy

AKROM Portable hose reels- 25003

- Galvanised metal frame
- epoxy powder coated metal roller
- shock-resistant resin shoulders
- Capacity 130 m of Ø 1/2" hose or 95 m of Ø 5/8" hose or 60 m of Ø 3/4" hose

Made in Italy

JUNIOR gun- 23780

- With adjustable hose nozzle

Made in Italy

JUNIOR gun- 23790

- with shower spray nozzle

Made in Italy

OMEGA Portable hose reels- 25073

- Heavy duty cart with galvanised metal frame
- shock-resistant reel shoulders
- roller 3-position centre of gravity height selection
- Capacity 90 m of Ø 1/2" hose or 65 m of Ø 5/8" hose or 40 m of Ø 3/4" hose

Made in Italy

OMEGA Portable hose reels-25075

- Heavy duty cart with galvanised metal frame
- shock-resistant reel & shoulders
- roller 3-position centre of gravity height selection
- Capacity 120 m of Ø 1/2" hose or 90 m of Ø 5/8" hose or 60 m of Ø 3/4" hose

Made in Italy

360° sprinkler on spike 5364

- 8 jets with adjustable range for Ø 6 mm capillary pipe

Made in Italy

VYPER Portable hose reels-25081

- Ideal for small spaces
- Aluminium frame with shock-resistant resin reel and shoulder
- Capacity: 25 m of Ø 1/2" hose or 15 m of Ø 5/8" hose

Made in Italy

BLACK VYPER Portable hose reels- 25090

- Ideal for small spaces
- Aluminium frame with shock-resistant resin reel and shoulder
- Capacity: 25 m of Ø 1/2" hose or 15 m of Ø 5/8" hose

Made in Italy

BLACK VYPER KIT 25092

- Equipped portable hose reels consisting of:
- 15 m of black-green hose Ø 1/2"
 - adjustable hose nozzle with hose connector
 - quick connector with hose connector

Made in Italy

Adjustable hose nozzle 35300S

- for high water flow
- for Ø 1" or 3/4" hoses

Made in Italy

Equipped portable hose reel- 25094

- Equipped portable hose reel consisting of:
- 15 m of black-green hose Ø 1/2"
 - adjustable hose nozzle
 - with hose connector,
 - three quick connectors with hose connector thread. 3/4" F
 - tap connector

Made in Italy

KIT SEAWORLD DIAMOND 281220DK

- 1 x 20 m Ø 1/2" hose
- thread. tap connector 3/4" F,
- 2 x quick connectors with hose connector
- M coupling adjustable hose nozzle

Made in Italy

Adjustable hose nozzle 35500S

- Hose repair connector for Ø 1" hose

Made in Italy

Metal gun- 902985

- with 8 functions multi-jet
- With anti-slide handle

Made in Italy

90° elbow fitting- 5178

- for Ø 6 mm capillary pipe

Made in Italy

180° sprinkler on spike 5366

- 5 jets with adjustable range for Ø 6 mm capillary pipe

Made in Italy

Emitter for micro sprinklers-5394

- For Ø 6 mm capillary pipe
- For PE Ø 16 or 20 mm hose

Made in Italy

360° micro sprinkler 5370

- For Ø 16 and 20 mm supply pipe

Made in Italy

90° micro sprinkler 5374

- For Ø 16 and 20 mm supply pipe

Made in Italy

180° micro-sprinkler 5372

- for Ø 16 and 20 mm supply pipe

Made in Italy

Water filter- 6005

- With standard connection for smooth or threaded taps,
- chrome-plated spray-aerator with ball joint.

Made in Italy

Fixed bracket for swivel roll- 1910

- Fixed wall support for Roll box
- Made in Italy*

Adjustable bracket for swivel roll- 1909

- Adjustable support for Roll box
- Made in Italy*

Adjustable flow rotating water sprayer- 2030S
